

Dura-Walk® 2K Top Coat | Color Chart

Standard Colors for Pedestrian and Vehicular Systems

Dura-Walk 2K Top Coat polyurea traffic coating is easily applied by roller or squeegee and will provide lasting surface protection and waterproofing. Dura-Walk 2K Top Coat is the finish/wear coat layer in the Dura-Walk 2K Pedestrian or Vehicular traffic coating systems. Products are available in the standard colors shown below.

The color samples on this page are matched as closely as possible to the paint colors available, but may vary slightly from the finished product. Due to reproduction limitations, it is necessary that we reserve the right of reasonable variation. Color may vary due to difference in surface texture, lighting and methods of application.

Pacific Gray

Sidewalk Gray

Rocky Gray

Monterey Sand

Please note: Variations in screen quality, printers and settings can impact how a color is represented and may differ from the application. This is the most accurate color representation possible.
